TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT)

FOR THE YEAR ENDED 31 MARCH 2023

The Trustees, who are also directors for the purposes of the Companies Act, present their report and financial statements for the year ended 31 March 2023.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charity's governing document, the Companies Act 2006, the Charities and Trustee Investment (Scotland) Act 2005, the Charities Accounts (Scotland) Regulations 2006 (as amended) and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (second edition - October 2019) (effective 1 January 2019).

Objectives and activities

Mission

Fountainbridge Canalside Community Trust (FCCT) aims to make our local area a better place to live, work, do business and visit. We focus on working with others to create and manage new projects that support and strengthen opportunities for economic, environmental and cultural activity that benefit the community. We also will promote social inclusion, sustainability and well-being.

Main Aims

- Enable and encourage local groups to include the canal in any social, cultural, recreational and economic regeneration plans
- Encourage the development of bio-diverse corridors into any developments and greening towpath areas and public spaces connected to the canal, and ensure implementation of the Fountainbridge Green Plan
- Use the unique asset of Re-Union canal boats to provide opportunities for training and education and for recreational use by visitors and local people
- Stimulate the development of social enterprises in the area
- Develop a voice for canalside communities in order that a constructive dialogue and commitment is developed with funders, investors and stakeholders.

Objectives

- To continue to stabilise and develop the regular activities of Fountainbridge Canalside Community Trust (FCCT).
- To fully re-instate community programmes, volunteer training, and private and community hires on the Lochrin Belle canal boat, following the dwindling of restrictions to our organisation from COVID.
- To put in place actions to support our 'route to employment' for volunteers and continue to train up Boatmasters to ensure a steady stream of Skippers on our books.
- To re-launch the Edinburgh Canal Festival as a 'Community Doors Open Day' along the full stretch of canal in our area of benefit.

Activities

There was still work to be done to establish FCCT as an operational organisation with good systems and policies in place, following our formation in late 2021 through the merging of Re-Union Canal Boats and Fountainbridge Canalside Initiative.

We were fortunate to have funding to support our mental health and social inclusion programmes throughout the year and many of these took place on our canal boat, the Lochrin Belle. We worked with several organisations to deliver these including Royal Edinburgh Hospital Psychiatric Unit, Edinburgh University's Social Prescribing programme, NKS (Networking Key Services) and Invisible Cities.

In this financial year we ran 57 funded Community programme sessions or one-off events (all free to participants) on the Lochrin Belle, benefitting approximately 250 individuals.

In addition to this, we had 26 paid community group hires, 53 private hire trips, 48 Gin Cruises, 3 Afternoon Tea Cruises, 12 open volunteer sessions, 17 Boatmaster, Helmsman or First Aid training sessions, and 24 static events or meetings.

FOUNTAINBRIDGE CANALSIDE COMMUNITY TRUST

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2023

This has resulted in a total 240 events on the Lochrin Belle this year, with over 3,000 people experiencing the unique environment of the canal through our floating venue. Unfortunately, 18 events in addition to those above – roughly 7% - had to be cancelled due skipper shortages or bad weather, such as when the canal froze for over a week in December 2022.

We entered the second year of having the same Volunteer Development Officer and were able to build upon the relationships with long-standing and new volunteers and expand on the opportunities and training available to them. During the year (Apr 2022 to Mar 2023), over 50 volunteers worked as boat crew, in project support roles or event marshals. Between them they clocked 1,952 volunteer hours given. We had 10 volunteer Board Members who are estimated to have given at least 240 hours of their time. We also ran 6 corporate volunteer sessions during this time period, resulting in 112 hours of work tidying up the canalside environment. We estimate all this volunteer commitment to be valued at £27,298.

During the year, 1 person passed their Boatmaster test to become a paid Skipper and 6 people received their Helmsman Certificate. One further volunteer has their paperwork in to the Boatmaster scheme and is awaiting a test date. We held events to thank our volunteers during Volunteer Week (June) and at Christmas and aim to continue to provide interesting and well supported volunteer opportunities in our local area.

After nearly a year of perseverance, we consolidated on the work done to start up a Canalside Walking Group, part of the Paths for All Health Walks scheme. We now have several trained leaders and a regular group of walkers who meet every week for a wellbeing walk. We have held some special events visiting local place of interest (by foot) or using the walk as a focus for learning or participation in different topics such as art, local history and literature.

June 2022 saw the rejuvenation of the Edinburgh Canal Festival after two years of having no event due to COVID restrictions. The gap in organising the event gave a helpful break in which allowed us to significantly change the format and increase the focus on the community and local groups. We worked with over 40 local individuals and organisations which resulted in 18 stalls, 14 venues, 16 musicians, acts or street entertainers, and 9 boats in the Raft Race.

It was the Board's intention to purchase another canal boat with the proceeds of sale of Capercaillie Ltd, in order to provide new community assets to benefit the Edinburgh area and to give another income stream to the organisation. Investigation and action by the 'Boat sub-group' following an informative Community Learning Exchange resulted in FCCT purchasing two boats - 5m polypropylene open boat with electric outboard and also a 1970s narrowboat. This happened at the end of the financial year, so work to be done on these boats and bringing them forward to becoming an operational part of our fleet will happen in 2023-2024. In view of the acquisition of these two boats and the increasing age of the main boat Lochrin Belle, the trustees decided to create a designated boat reserve of £50,000 for the year, they will add to it in 2023/2024 if funds allow.

Staff continue to work from the Scottish Canals office rent free, in return for providing a welcoming presence at Edinburgh Quay and carrying out a variety of tasks to help the smooth management of the quayside facilities (including the Leamington Liftbridge).

Financial review

The accounts for the year represent a 12 month period and the charity financial year end is to 31st March 2023.

A deficit of £4,973 arose during the period (2022: deficit of £63,453), attributable to a surplus of £7,595 relating to restricted funds and a deficit of £12,568 relating to unrestricted funds. Due to the on-going recovery from the impact of Covid on sales, and the competitive nature of fundraising experienced during the year, the Board had budgeted for a slight deficit. During the year, more of the unrestricted costs for which there were no commensurate grant funding support, namely the salary costs for the Development Manager, had therefore to be covered by earned income, leading to the drop in unrestricted reserves reported here. In forthcoming years, the emphasis will be on building up sales income to cover such costs, but also to raise grant support for the key managerial post. A number of options are being actively pursued by the Board and staff.

At 31st March 2023, the balance on unrestricted funds was £99,714 with £50,000 of designated funds and £26,788 of restricted funds carried forward for expenditure in future years.

The trustees therefore consider the state of affairs of the organisation to be satisfactory.

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2023

Reserves policy

The Board has set a target to accrue reserves to a level at least equivalent to six months running costs for the organisation. This is calculated using the budget for the following year which includes expected price increases. For the year 2023-2024, this amount was calculated as £80,726.

The Board also have set aside an amount of reserves to be used as a replacement fund for the Lochrin Belle, which is nearing the end of her life as a trip boat, as well as smaller IT and other equipment. At 31 March 2023, the value of this fund is £50,000.

The balance of the general unrestricted funds at 31st March 2023 was £99,714, which meets the policy and the trustees do not believe there is a going concern issue at this time.

Principal sources of funding

Principal funding sources for this period were: EHSCP (small grants and Capacity to Collaborate); the City of Edinburgh Council (CEC) South West Community grant; No One Left Behind and EERI (Edinburgh's Employer Recruitment Incentive) programmes; Scottish Government Community Mental Health and Wellbeing grant (administered by EVOC); Impact Funding Partners (Volunteer Support Fund); Community Learning Exchange; Awards for All.

We also received funding from Development Trust Association Scotland (DTAS) Greenshoots grant, which will mainly be spent in 2023-2024.

The funds listed above were all restricted funds.

Going concern

After making appropriate enquiries, the trustees have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements. Further details are given in the accounting policy 1.2.

Investment policy

Under the Memorandum and Articles of Association, the charity has the power to invest any money that the company does not immediately require in any investments, securities or properties. As there are few funds for long-term investment the directors, having regard to the liquidity requirements of operating the charity and to the reserves policy, have operated a policy of keeping available funds in an interest bearing bank account.

Risk management

The Board have taken precautions to safeguard the operation of the organisation and have taken suitable action to mitigate risks to which the organisation may be susceptible. The Board continues to review and add to the organisations risk register.

The boat bookings are coming back and now the major risk is lack of Skippers to fulfil the trips. The organisation has been supporting candidates as much as possible through Boatmaster programme and looks to offer this as a continual volunteer development programme to ensure succession planning.

The Lochrin Belle is also approaching 15 years old and so a good maintenance schedule is essential to keep her running smoothly and again, able to fulfil the trips booked.

The Board of Directors is aware of the complexity of the external environment, especially in the current financial climate and will continue to assess the projects and activities we are involved in.

Plans for Future Periods

2023/2024 will be a year to continue the consolidation and stabilising of the organisation. We hope to build more generated income through continuing to develop partners and uses for the Lochrin Belle and market our other offers in the new boats - Kingfisher and Waterwitch. Building on the success of the new format for the Edinburgh Canal Festival, it is planned to run a similar but larger event in 2023 as well as initiating other activities and partnerships which provide community benefit in the Fountainbridge area.

The Development Manager reports to the Chair of the Board of Trustees. The Board and Staff meet regularly to evaluate, monitor and plan the development of the organisation. As a social enterprise, FCCT implements its strategy based on social, environmental and economic goals.

Governing Document

Fountainbridge Canalside Community Trust is a company limited by guarantee governed by a Memorandum and Articles of Association voted in by the membership on 18 November 2021. It is registered as a charity with OSCR.

Recruitment and appointment of Trustees

Nominations to be a trustee are requested from the membership at the AGM. All trustees must stand down at the AGM but are eligible for re-election. The nominations for election are put to the membership at the AGM and the full board is thereby elected via an ordinary resolution. The number of trustees must not be more than 12, and not fewer than 5, unless otherwise determined by a special resolution. In addition the Board may appoint up to 3 Specialist Advisors in a non-voting capacity. At their first meeting after the AGM the trustees elect their office bearers for the coming year. Further trustees can be appointed by the Board at any time during the year. As a Development Trust, FCCT has to ensure that 75% of the membership and trustees have to be recruited from the area of benefit.

The Board has a set recruitment policy for new trustees. This involves a number of stages:

- Trustees or staff are regularly asked to put forward proposals for new trustees from contacts or from networking
- Staff in the organisation discuss Board membership with interested individuals, to brief them on the expectations, roles and responsibilities that they can expect if they join the Board.
- The Board will discuss the potential Trustee, and if they decide to proceed, the applicant is invited as an observer to a Board meeting.
- If the individual remains interested, the Board then decide whether to co-opt that individual onto the Board.

Organisation structure

The Board of Trustees of FCCT have delegated day-to-day operational management of the organisation to the Development Manager. The Board has developed and continues to develop and update a series of policies for the operational management of the Company, which the Development Manager is responsible for implementing. The Board also proceed to develop new procedures in certain areas to ensure compliance. The Board has established sub-groups to work on particular issues: Boats; Environmental projects; Marketing; Economic Development.

The Board is responsible for developing the strategic direction of the organisation, with advice from its staff and volunteers. The staff of the organisation at the start of this period were Development Manager, Volunteer Development Officer, Project Support Officer. A Communications and Marketing Officer was recruited in July 2022 (through the No One Left Behind scheme) and a Network Development Officer joined us in September 2022.

The Board is responsible for making major financial and legal decisions, including the establishment of new activities or projects. The day to day management of finances is the responsibility of the Development Manager assisted by a bookkeeper. The Development Manager is responsible for assisting staff to manage their priorities for activity. The Board has set authority limits on incurring new expenditure, and has agreed a set of financial protocols.

Induction and training of Directors

New Board members receive a full induction of the key governance documents and other useful documents based on OSCR guidelines. The Board offer Directors information periodically about training and networking events.

Remuneration policy

The directors consider the board of directors, who are the Trust's trustees, and the senior management team comprise the key management personnel of the charity in charge of directing and controlling, running and operating the Trust on a day to day basis. All directors give of their time freely and one director received remuneration in the year. Details of directors' expenses are disclosed in the notes to the accounts.

The pay of the senior staff is reviewed annually and normally increased in accordance with average earnings. In view of the nature of the charity, the directors benchmark against pay levels in other social enterprises of a similar size. The remuneration bench-mark is the mid-point of the range paid for similar roles adjusted for a weighting of up to 30% for any additional responsibilities. If recruitment has proven difficult in the recent past a market addition is also paid with the pay maximum no greater than the highest benchmarked salary for a comparable role.

Related parties

One of our trustees (S Durie) received remuneration for book-keeping and financial services during the year. Patrick Robertshaw also received a fee for designing some professional signage materials for the Edinburgh Canal Festival. These arrangements were both agreed and approved by the Board and in compliance with our Memorandum and Articles of Association.

Any conflict of interest must be disclosed to the full board of trustees. In the current year no other such related party transactions were reported.
